**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS**

**to be held at 11:00 a.m., Mountain Time, May 21, 2014
at the Extra Space Storage Inc. corporate offices in Salt Lake City, Utah**

We are furnishing this proxy statement to our stockholders in connection with the 2014 annual meeting of stockholders.

Our board of directors is soliciting proxies of our stockholders to vote their shares at the annual meeting. These proxy materials have been prepared by our management for the board of directors. This proxy statement and the form of proxy are first being furnished to our stockholders on or about April 4, 2014.

VOTING

Voting Shares at the Annual Meeting

Holders of record of our common stock as of the close of business on the record date, March 24, 2014, are entitled to receive notice of, and to vote at, the annual meeting. The outstanding common stock constitutes the only class of securities entitled to vote at the annual meeting and each share of common stock entitles the holder thereof to one vote. At the close of business on March 24, 2014, there were 115,867,509 shares of common stock outstanding. Stockholders can vote in person at the annual meeting or by proxy. There are three ways to authorize a proxy to vote your shares:

- By Internet—You can authorize your proxy over the Internet at www.voteproxy.com by following the instructions on the proxy card;
- By Telephone—Stockholders located in the United States can authorize their proxy by telephone by calling 1-800-PROXIES (1-800-776-9437) and following the instructions on the proxy card; or
- By Mail—If you received your proxy materials by mail, you can authorize a proxy by mail by signing, dating and mailing the enclosed proxy card.

Internet and telephone proxy facilities for stockholders of record will be available 24 hours a day and will close at 9:59 p.m., Mountain Time, Tuesday, May 20, 2014.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Internet and telephone proxy authorization also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the annual meeting, you should contact your

broker or agent to obtain a legal proxy or broker's proxy card and bring it to the annual meeting in order to vote.

Shares will be voted as the stockholder of record instructs. The persons named as proxies on the proxy card will vote as recommended by our board of directors on any matter for which a stockholder has not given instructions. The board of directors' recommendations appear on the following page herein.

Revoking a Proxy

Stockholders of record may revoke their proxy and change their votes any time before their votes are cast by:

- giving written notice of revocation to our Corporate Secretary at our address prior to the annual meeting;
- authorizing a proxy again on a later date on the Internet or by telephone (only the latest Internet or telephone proxy submitted prior to the annual meeting will be counted);
- signing and forwarding to us a later-dated proxy; or
- attending the annual meeting and voting their shares of common stock in person.

Quorum and Vote Counting

The annual meeting requires a quorum, which means that a majority of the shares issued and outstanding as of the record date must be represented at the meeting. If a stockholder grants a proxy or attends the meeting in person, that stockholder's shares will be counted to determine whether a quorum is present, even if the stockholder abstains from voting on some or all matters introduced at the meeting. "Broker non-votes" (as described below) also count for quorum purposes.

If shares are held through a broker, bank or other nominee, generally the nominee may vote the shares it holds for the stockholder in accordance with the stockholder's instructions. However, if the nominee has not received instructions within ten days prior to the meeting, the nominee may vote in its discretion only on matters that the New York Stock Exchange (the "NYSE") determines to be routine. If a nominee cannot vote on a particular matter because it is not routine, there is a "broker non-vote" on that matter.

The seven nominees for director who receive the highest vote totals will be elected as directors. All other matters must be approved by a majority of the votes cast by stockholders who are present or represented and entitled to vote at the annual meeting. Abstentions and broker non-votes are counted as present and entitled to vote, but they are not counted as votes for or against any proposal and therefore have no effect on the outcome of any of the matters to be voted upon at the 2014 annual meeting of stockholders.

American Stock Transfer & Trust Company, our transfer agent and registrar, will assist in the distribution of proxy materials and tabulation of votes.

Costs of Soliciting Proxies

We pay the costs of soliciting proxies. In addition to solicitation by Internet and mail, certain of our directors, officers and regular employees may solicit the return of proxies by telephone, facsimile, personal interview or otherwise without being paid additional compensation. We will also reimburse brokerage firms and other persons representing the beneficial owners of our shares for their reasonable expenses in forwarding proxy solicitation material to the beneficial owners in accordance with the proxy solicitation rules and regulations of the Securities and Exchange Commission (the "SEC") and the NYSE.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Company has adopted corporate governance guidelines titled “Corporate Governance Guidelines,” which are available at www.extraspace.com under Investor Relations—Corporate Governance. These principles were adopted by the board of directors to help ensure that the board of directors is independent from management, adequately oversees management and that the interests of the board of directors and management align with the interests of our stockholders.

Director Independence

In accordance with the NYSE rules, the board of directors affirmatively determines the independence of each director and nominee for election as a director in accordance with the listing standards of the NYSE. We have not adopted any additional standards for independence outside those listed by the NYSE. The listing requirements of the NYSE require that a majority of the members of a listed company’s board of directors and that all members of its audit committee and compensation, nominating and governance committee be independent. Based on these standards, the board of directors has determined that each of the following non-employee directors is independent and has no relationship with the Company, except as a director and stockholder of the Company:

Anthony Fanticola(1)
Hugh Horne(2)
Joseph D. Margolis
Diane Olmstead
Roger B. Porter
K. Fred Skousen

-
- (1) Mr. Fanticola is retiring from our board of directors at the end of his term and is not standing for re-election at the annual meeting.
 - (2) Mr. Horne resigned from our board of directors effective December 31, 2013 to pursue other interests.

Nomination of Directors

The CNG Committee is responsible for screening potential director candidates and recommending qualified candidates to the board of directors for nomination. The CNG Committee’s policy is to consider director candidates recommended by stockholders. Stockholder nominations of directors must be made in writing and include the nominee’s written consent to the nomination and sufficient background information on the candidate to enable the committee to assess his or her qualifications. Nominations should be addressed to the Company’s Corporate Secretary at the following address:

Extra Space Storage Inc.
Attn: Corporate Secretary
2795 East Cottonwood Parkway, Suite 400
Salt Lake City, Utah 84121

Recommendations received from stockholders will be considered and processed subject to the same criteria as candidates nominated by the CNG Committee, as discussed below.

Qualifications

The board of directors has developed criteria that are designed to describe the qualities and characteristics desirable for the board of directors as a whole in order to provide a broad diversity of

experience, professions, skills and backgrounds. The criteria and the effectiveness of our nomination policies are reviewed annually by the CNG Committee and the board of directors. In general, they require that each director or nominee:

- is committed to enhancing long-term stockholder value and possesses a high level of personal and professional ethics;
- has sound business judgment and integrity;
- has financial literacy or other business or professional experience relevant to understanding our business;
- has the ability to think and act independently; and
- has demonstrated the capacity to work constructively with others.

Communications with the Board and its Committees

Any stockholder or other interested party may communicate with the board of directors, the independent board members, the Chairman, any of the committees of the board of directors, or one or more of its individual members, by directing correspondence to any such individual or group of individuals in care of the Corporate Secretary, Extra Space Storage Inc., 2795 East Cottonwood Parkway, Suite 400, Salt Lake City, Utah 84121 or by referring to the “Stockholder Communication Policy” at www.extraspace.com under Investor Relations—Corporate Governance.

Code of Business Conduct and Ethics

Our Code of Business Conduct and Ethics (the “Code”) outlines the principles of conduct and ethics to be followed by our employees, officers and directors, including our principal executive officer, principal financial officer and principal accounting officer. The purpose of the Code is to:

- promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

- promote the prompt internal reporting to an appropriate person or committee of violations of the Code;
- promote accountability for adherence to the Code;
- provide guidance to employees, officers and directors to help them recognize and deal with ethical issues; and
- provide mechanisms to report unethical conduct and help foster our longstanding culture of honesty and accountability.

A copy of the Code has been provided to, and signed by, each of our directors, officers and employees. A copy of the Code may be found on our website at www.extraspace.com under Investor Relations—Corporate Governance.

LEADERSHIP STRUCTURE, RISK OVERSIGHT, MEETINGS AND COMMITTEES OF THE BOARD

Leadership Structure

Our board of directors is currently comprised of seven directors, four of whom are independent under the listing standards of the NYSE. Independent directors and management have different perspectives and roles in strategy development and execution. Our independent directors bring experience, oversight and expertise from outside the Company and across various industries and disciplines, including the self-storage industry, finance, public company management and academics, while our Executive Chairman and our CEO bring extensive company-specific experience and expertise to their roles.

Mr. Woolley serves as the Company's Executive Chairman, and Mr. Kirk serves as the Company's CEO and as a director. We believe this arrangement enables Messrs. Kirk and Woolley to provide strategic vision and leadership to the Company in their roles as directors and officers. Mr. Woolley has extensive experience in the industry and an in-depth understanding of the elements of our business that impact our strategy. Mr. Kirk is an experienced executive with the company-specific knowledge, skills and capacity to carry out the role of CEO with excellence as he provides leadership and direction for the tactical execution of the Company's business plans and strategic initiatives.

The board has a governance structure that includes regular meetings of the independent directors in executive session and with the Company's internal auditors, external auditors and other consultants. Our board of directors has appointed Roger B. Porter as the lead independent director to help facilitate and strengthen the role of the independent directors. The lead independent director: (1) chairs all executive sessions of the board; (2) consults with management and the other members of the board regarding board meeting agendas; (3) serves as the principal liaison between management and the independent directors; and (4) performs such other functions as the board of directors or independent directors may designate from time to time.

Risk Oversight

The board of directors believes that an important part of its responsibilities is to oversee and coordinate with management to assess the major risks that we face and to review our options for monitoring and controlling these risks. At board meetings, management discusses with the board of directors matters of particular importance or concern, including any significant areas of risk meriting board attention. The Audit Committee has specific responsibility for discussing and reviewing policies with respect to risk assessment and risk management, including setting guidelines and policies to govern the process by which risk assessment and risk management is undertaken. The Audit Committee takes an active role in this process and communicates the results to the full board of directors. The CNG Committee oversees risks relating to our compensation policies and practices, as well as CEO and executive officer succession, and provides reports to the full board of directors. The CNG Committee works with a compensation risk analysis committee that is comprised of members of management,

which has the responsibility to review our compensation policies as they relate to risk management practices and risk-taking incentives. We have conducted a risk assessment of our compensation programs and policies from a legal, human resources, auditing and risk management perspective and reviewed and discussed this assessment with the CNG Committee. Based on this assessment, we concluded that we do not have any compensation programs or practices which would reasonably be likely to have a material adverse effect on our Company.

Attendance at Meetings of the Board and its Committees

The board of directors holds at least four regularly scheduled meetings per year and additional special meetings as necessary. Each director is expected to attend all regularly scheduled and special meetings, unless unusual circumstances make attendance impractical. The board of directors may also take action from time to time by written or electronic consent. For the year ended December 31, 2013, the board of directors conducted a total of nine meetings. Each director attended at least 75% of the meetings of the board of directors and of any committees on which he served during this period.

Meetings of Independent Directors

The independent directors hold regularly scheduled meetings in executive session without the presence of management. The lead independent director chairs these sessions. Roger B. Porter currently serves as the lead independent director. Stockholders wishing to communicate directly with Mr. Porter or the independent directors may send correspondence addressed in care of:

Committees of the Board of Directors

The board of directors has two standing committees: the Audit Committee and the Compensation, Nominating and Governance Committee. The committees on which each director serves are listed above in “Information about the Board of Directors and its Committees—Nominees for Directors.”

Audit Committee

The Audit Committee has direct responsibility for the appointment, compensation, retention and oversight of the independent auditors for the Company, and sole authority to establish pre-approval policies and procedures for audit and non-audit engagements with the independent auditors. The Audit Committee also oversees the operation of a comprehensive system of internal controls designed to ensure the integrity of the financial statements and reports and compliance with laws, regulations and corporate policies of the Company. Additionally, the Audit Committee oversees the independent auditor’s qualifications, performance and independence; monitors communications with the independent auditor; and monitors the performance of the internal audit function at the Company. A copy of the Audit Committee’s charter is available at the Company’s website www.extraspace.com under Investor Relations—Corporate Governance.

Mr. Skousen is the chairman and Messrs. Fanticola, Margolis and Porter and Ms. Olmstead serve as members of the Audit Committee. In accordance with the rules of the NYSE, the board of directors has determined that each of the current members of the Audit Committee is independent as defined by the Audit Committee's charter and Section 303A of the NYSE Listing Standards.

The board of directors has determined that Mr. Skousen is an "audit committee financial expert" as defined in the SEC's Regulation S-K, Item 407(d)(5).

Report of the Audit Committee

The Audit Committee assists the board of directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company, as well as the Company's compliance with corporate policies and legal and regulatory requirements, including the Sarbanes-Oxley Act of 2002. During fiscal year 2013, the Audit Committee met twelve times, and discussed with the CEO, Chief Financial Officer ("CFO"), Principal Accounting Officer, internal auditors and independent registered public accounting firm (external auditors), the SEC filings that contained financial information, prior to their public release. The Audit Committee's meetings include executive sessions with the Company's external and internal auditors, in each case without the presence of the Company's management.

In discharging its oversight responsibility, the Audit Committee received from the external auditors a formal written statement describing all relationships between the external auditors and the Company that might bear on the external auditors' independence and discussed with the external auditors their independence and any relationships that may impact their objectivity and independence. The Audit Committee also discussed with management, internal auditors and external auditors the quality and adequacy of the Company's internal controls and the internal audit function's organization and responsibilities. The Audit Committee reviewed both with the external and internal auditors their audit plans, audit scope and identification of audit risks.

In carrying out its responsibilities, the Audit Committee, among other things:

- monitors preparation of quarterly and annual financial reports by the Company's management;
- supervises the relationship between the Company and its external auditors, including: having direct responsibility for their appointment, compensation and retention; reviewing the scope of their audit services; approving audit and non-audit services; and confirming the independence of the external auditors;
- oversees management's implementation and maintenance of effective systems of internal and disclosure controls, including review of the Company's policies relating to legal and regulatory compliance, ethics and conflicts of interests and review of the Company's internal auditing program; and
- reviews, approves and/or ratifies related-party transactions for which such approval is required under applicable law, including SEC and NYSE rules.

During fiscal year 2013, management advised the Audit Committee that each set of financial statements reviewed and discussed with management by the committee had been prepared in accordance with U.S. generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussion with the external auditors of matters required to be discussed pursuant to *Auditing Standard No.16 (Communication with Audit Committees)*, as amended and as adopted by the PCAOB in Rule 3200T, including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with Ernst & Young LLP matters relating to its independence, including a review of audit and non-audit fees and the written

disclosures and letter from Ernst & Young LLP to the Audit Committee pursuant to Rule 3526 of the Public Company Accounting Oversight Board (Communication with Audit Committees Concerning Independence).

In addition, the Audit Committee reviewed key initiatives and programs aimed at strengthening the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Audit Committee met privately with the Company's Director of Internal Audit and continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing internal audit department staffing levels and steps taken to implement recommended improvements in internal procedures and controls. The Audit Committee conducted a performance self-evaluation for review with the board of directors that included a comparison of the performance of the Audit Committee with the requirements of its charter.

As set forth in the Audit Committee's charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is also responsible for maintaining appropriate accounting and financial reporting principles and policies, and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The internal auditors are responsible for independently assessing the principles, policies, internal controls and procedures surrounding the financial statements as well as monitoring management's follow-up to any internal audit reports. The external auditors are responsible for planning and carrying out a proper audit of the Company's annual financial statements, reviews of the Company's quarterly financial statements prior to the filing of each Quarterly Report on Form 10-Q, and annually auditing the effectiveness of the Company's internal controls over financial reporting and other procedures. The members of the Audit Committee are not full-time employees of the Company and are not performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards.

Taking all of these reviews and discussions into account, the Audit Committee members listed below recommended to the board of directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013, for filing with the SEC.

K. Fred Skousen (Chairman)

The CNG Committee has retained Mercer as a compensation consultant to advise the CNG Committee in connection with matters pertaining to executive compensation, including advising as to market levels and practices, plan design and implementation, and best practices and governance principles. Mercer also provides other services to the Company. Fees paid to Mercer during 2013 for director and executive compensation consulting services totaled \$75,000. Fees paid to Mercer for healthcare administration services and peer group consulting in 2013 totaled \$137,000. Management has determined, and Mercer has affirmed, that Mercer's work does not present any conflicts of interest.

During the year ended December 31, 2013, Mr. Porter was the chairman and Messrs. Horne, Margolis and Skousen served as members of the CNG Committee. During 2013, the CNG Committee held six meetings. Mr. Horne resigned from the board of directors and the CNG Committee effective December 31, 2013.

Compensation, Nominating and Governance Committee Interlocks and Insider Participation

All members of the CNG Committee are independent under NYSE listing standards. During 2013 none of the executive officers of the Company served on the board of directors or compensation committee of any entity whose officers served either on the board of directors of the Company or on the CNG Committee of the board of directors. No member of the CNG Committee has ever been an officer or employee of the Company or any of its subsidiaries.

Policy Regarding Board Attendance at Stockholders Meetings

We encourage attendance at stockholders meetings by members of the board of directors and senior executives so that stockholders will have the opportunity to meet and question a representative group of our directors and senior executives. All of our then-current board members attended the 2013 annual meeting of stockholders.

DIRECTOR COMPENSATION

All non-employee directors receive an annual board retainer fee of \$65,000 to be paid in cash, and shares of common stock equivalent in value to \$85,000, with the number of shares determined by the closing price of our common stock on the date of the annual meeting. The lead independent director receives an additional annual retainer fee of \$10,000. Directors who serve as the chair of the Audit Committee and CNG Committee receive an annual committee retainer fee of \$20,000. Directors who serve on the Audit Committee and CNG Committee receive an annual committee retainer fee of \$7,500. Dollar amounts represent grant date fair value of such grants as determined in accordance with Accounting Standards Codification 718, "Stock Compensation" ("ASC 718") using the assumptions to value such awards reported in the notes to the Company's financial statements in its Annual Report on Form 10-K for the year ended December 31, 2013, filed with the SEC.
- (2) Mr. Fanticola is retiring from our board of directors at the end of his term and is not standing for re-election at the annual meeting.
- (3) Mr. Horne resigned from our board of directors effective December 31, 2013 to pursue other interests.

Stock Ownership Guidelines for Directors

We have stock ownership guidelines which require each of our non-employee directors, within five years after appointment to the board, to hold shares of our common stock, restricted stock or stock options (whether or not vested) with a value equal to the sum of the annual board fees and retainers, including the annual equity grant. These stock ownership guidelines align our directors' interests with those of our stockholders by ensuring non-employee directors hold equity in the Company. Each non-employee director has met these guidelines as of December 31, 2013.

Woolley is contained above under the heading “Information about the Board of Directors and its Committees—Nominees for Directors.” Information with regard to our other executive officers is presented below. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General Philosophy

The philosophy underlying our executive compensation policies is to align management’s incentives with the long-term interests of stockholders and to be competitive with comparable employers. Accordingly, we have structured the executive compensation program to:

- reinforce a results-oriented culture with executive pay that reflects Company and individual performance against business objectives and high ethical standards;
- provide compensation that attracts, retains and motivates key executives;
- emphasize variable performance-based compensation, commensurate with an executive’s increasing responsibilities; and
- align the interests of stockholders and the Company’s executives by implementing compensation programs that provide for acquiring and retaining significant equity interests in the Company by senior executives.

Setting Executive Compensation

Based on our philosophy underlying executive compensation policies, we place significant emphasis on annual and long-term performance-based incentive compensation, including base salaries, annual cash and equity incentives, and long-term equity based incentive awards, which are all designed to reward our executives based on the achievement of predetermined company and individual goals. We also consider historical compensation levels as well as other industry conditions and the overall effectiveness of our compensation program.

In order to ensure the fulfillment of the general philosophy as outlined above and to assist in establishing the Company's aggregate level of compensation, the CNG Committee engages a nationally recognized compensation consulting firm, Mercer, which reports directly to the CNG Committee.

Working with the consultant, the CNG Committee developed a list of 17 comparable real estate investment trusts ("REITs") that are similar to the Company in enterprise value, number of employees, number of properties, and total revenue. The committee also took into consideration such elements as joint venture properties and unconsolidated revenues. The companies used in the comparator group are:

- Brandywine Realty Trust
- Camden Property Trust
- Colonial Properties Trust
- Corporate Office Properties Trust Inc.
- CubeSmart
- Duke Realty Corporation
- Equity Lifestyle Properties, Inc.
- Essex Property Trust, Inc.
- Highwoods Properties Inc.
- Home Properties Inc.
- Liberty Property Trust
- Mack-Cali Realty Corporation
- Regency Centers Corporation
- Sovran Self Storage, Inc.
- Taubman Centers, Inc.
- UDR, Inc.
- Weingarten Realty Investors

The group includes two direct competitors, Sovran Self Storage, Inc. and CubeSmart. The remaining companies represent publicly traded REITs with market capitalizations comparable to Extra Space and that generally recruit individuals to fill senior management positions who are similar in skills and background of those recruited by us.

The CNG Committee attempts to design programs that deliver total compensation for executives that approximates the 50th percentile (size adjusted) of the comparator group for the achievement of "at target" performance. Actual payouts may be above or below the 50th percentile depending on actual performance compared to the target and based on individual performance related goals. The CNG Committee does not have a pre-established policy for the allocation of compensation between cash and non-cash compensation and long-term incentive compensation.

Mercer prepares market data based on our comparator group regarding salary, annual cash incentive award targets, and long-term incentive compensation awards, and provides advice directly to the CNG Committee as it makes decisions with respect to compensation for the CEO. Our CEO reviews and recommends to the committee the annual salary, incentive plan target and long-term stock-based compensation for each of our named executive officers and other key management personnel. The committee reviews those recommendations and makes a final determination with respect to such compensation. The compensation that is developed for each of these officers is based on competitive market data and on the CEO's recommendations regarding the executive's overall contributions, past performance and anticipated future contributions. The committee reviews separately and sets the compensation of the CEO based on competitive market data as well as the committee's assessment of his performance and anticipated future contributions.

The following describes each element of our executive compensation program, along with a discussion of the decisions made by the CNG Committee with respect to that aspect of compensation for 2013.

Elements of Executive Officer Compensation and Benefits

In 2013, named executive officers' total compensation was generally comprised of the following elements designed to complement each other:

- base salary;
- annual incentive bonus;
- long-term incentives through stock options and restricted stock; and
- other benefits typically offered to executives by major U.S. corporations.

As the Company's largest individual stockholder, the interests of our CEO are closely aligned with those of our stockholders. Consequently, the CNG Committee determined to focus Mr. Kirk's compensation on salary and annual incentives paid in cash.

Base Salary

Base salary is a critical element of executive compensation as it provides executives with assured monthly cash compensation. In determining base salaries, we consider a number of factors including the executive's qualifications and experience, scope of responsibility, the goals and objectives established for the executive, the executive's past performance, the salaries paid to the position within the compensation peer group and the relative position of base salaries among executives.

Effective January 1, 2013, the CNG Committee approved salary increases of 3.0% for the CEO, COO and CIO, which were consistent with the pay increases for the entire Company. The CNG Committee approved a salary increase of 17% for the CFO in consideration of two years of outstanding performance in his new role.

Annual Incentive Bonus

The annual incentive bonus provides senior executives an opportunity annually to earn a cash bonus for achieving specified performance-based goals for the fiscal year. These performance-based goals are tied half to the financial operating performance of the Company and half to the senior executive's performance relative to management goals.

The financial performance goals set for 2013 were based on the Company's achievement of a specific target (the "FFO Target") related to the Company's funds from operations ("FFO"). The FFO Target is defined and approved annually by the board of directors. The FFO Target is based on the Company's FFO, with adjustments agreed to by the board of directors in order to consistently review the performance of management as it relates to FFO. FFO provides relevant and meaningful information about our performance and is the primary measure that we use to assess our operating performance. The portion of bonus based on FFO could incrementally increase or decrease based on meeting, exceeding, or failing to meet the FFO target. For an explanation of how we calculate FFO, see "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the year ended December 31, 2013, filed with the SEC.

The FFO target established for 2013 was \$1.95 per share. Actual 2013 FFO target achieved was \$2.11 per share, resulting in the payment of 150% of the portion of the bonus related to the achievement of the FFO goal.

The management goals established for 2013 for our named executive officers are summarized as follows:

- net operating income leader among peers;

- maximize core property performance by increasing occupancy, controlling expenses and increasing tenant insurance penetration rates;
- achieve operational efficiencies by enhancing pricing and point-of-sale platforms, and by implementing strategic technology and marketing initiatives;
- maximize the customer experience by standardizing branding and completing redevelopment opportunities;
- maintain leverage ratio and optimize the balance sheet; and
- expand our platform through property acquisitions and third-party management business.

These goals did not include specific quantitative measures.

The CNG Committee assigned no specific weighting to these goals, but rather assessed overall achievement levels in determining the bonuses. The CEO presented to the CNG Committee his assessment of each executive's performance (other than his own) in achieving the management goals, and recommended to the CNG Committee that the CFO, COO and CIO be paid between 96% - 97% of the portion of the bonus related to these goals. Following their review, the CNG Committee approved the recommendation of the CEO. After their evaluation of the CEO's performance relative to the above management goals, the CNG Committee determined that the CEO should receive 97% of the portion of the bonus related to the achievement of the management goals.

Additionally, the CNG Committee approved a discretionary bonus of \$30,000 for the current CIO. This bonus was granted in light of the CIO's assumption of significant additional responsibilities related to the Company's acquisitions prior to his service as CIO.

Long-Term Incentives

The Long-Term Incentive Program allows for awards of stock options and grants of restricted stock under the Company's 2004 Long-Term Incentive Compensation Plan. The goals of the Company's equity awards are to: (1) align the interests of each executive officer with those of our stockholders by providing each individual with a significant incentive to manage the Company from the perspective of a stockholder with an equity stake in the business, and (2) encourage long-term retention of key employees by virtue of vesting conditions imposed on typical equity awards. Employees must remain employed by the Company for a fixed period of time in order for the equity awards to vest fully. Typically, option awards and grants of restricted stock vest over a four-year period at the rate of 25% per year and the options terminate after ten years. Vesting ceases upon termination of employment and unvested options and grants of restricted stock are cancelled upon termination of employment. The right to exercise vested options ceases 90 days after termination of employment, except that in the case of death, disability or retirement, the exercise period extends until one year after such termination of employment. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents. During the vesting period, restricted stock awards may not be sold, transferred or pledged, however, the shares may be voted and receive the payment of nonforfeitable dividends.

Stock option awards and grants of restricted shares are discussed and reviewed at regularly scheduled meetings of the CNG Committee. By taking such actions at regularly scheduled meetings, the CNG Committee seeks to avoid any possible appearance that the grant timing was manipulated to affect the value of the awards. We do not have any program, plan or practice to coordinate stock option grants with the release by us of material non-public information or any other investor relations activities.

The CNG Committee awarded both option and restricted stock grants to the CFO, COO and CIO in 2013. The values of the option and restricted stock grants were based on the recommendation of the CEO taking into consideration the total executive compensation at the comparator group of companies.

Employee Benefits and Other

We provide benefits and perquisites to our named executive officers and other employees consistent with the benefits provided by other U.S. companies, such as medical and life insurance, 401(k) plan, and severance pursuant to the terms of the Company’s change in control plan. A description of the employee benefits can be found in the narrative to the Summary Compensation Table and a description of the severance can be found under “Severance Agreements with Executive Officers” below. We also limit the perquisites that we make available to our executive officers, particularly in light of the potential for abuse associated with such perquisites. Accordingly, our executives are entitled to few benefits that are not otherwise available to all of our employees.

Policy Regarding Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company’s chief executive officer and four other most highly paid executive officers. Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met. Since the Company’s named executive officers are employed by either our operating partnership, Extra Space Storage LP, or our management company, Extra Space Management Inc., and not by Extra Space Storage Inc., their compensation is not subject to the deduction limits of Section 162(m).

Stock Ownership Guidelines for Executive and Senior Officers

We have stock ownership guidelines which require each of our executive and senior officers, within five years after appointment as an officer, to hold shares of our common stock, restricted stock or stock options (whether or not vested). These stock ownership guidelines align our officers’ interests with those of our stockholders, ensuring executive and senior officers hold a significant amount of equity in the Company. Each executive and senior officer has met the following guidelines:

CEO	3 times base salary
Executive Vice President	2 times base salary
Senior Vice President	1 times base salary

Impact of Advisory Vote Approving Executive Compensation

At the Company’s 2013 annual meeting of stockholders, an advisory vote was held to approve executive compensation, thereby affording stockholders the opportunity to cast a vote on the compensation programs for our named executive officers. Of the 110,924,746 total shares outstanding, 86% voted on this matter, excluding broker non-votes. The result of these votes indicated 96% approval of the compensation paid to our named executive officers. The CNG Committee believes that the results of this vote affirm stockholder support of the Company’s approach to executive compensation, and the CNG Committee did not change its general approach in 2013. The CNG Committee will continue to consider the outcome of advisory stockholder votes regarding executive compensation when making future compensation decisions for our named executive officers.

Compensation Committee Report

The Compensation, Nominating and Governance Committee has reviewed and discussed the Compensation Discussion and Analysis with the Company's management and, based on our review and discussions, the committee recommended to the board of directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and in this proxy statement.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval of Related Party Transactions

The Company recognizes that related party transactions present a heightened risk of conflicts of interest (or the perception thereof), and therefore has adopted a written policy pursuant to which all related party transactions will be subject to review and approval or ratification in accordance with the procedures set forth in the policy. A related party transaction is defined in our policy as a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) requiring disclosure under Item 404(a) of Regulation S-K promulgated by the SEC, or any successor provision as then in effect.

The policy provides that related party transactions are reviewed by our Audit Committee or another independent body of the board of directors, such as the independent and disinterested members of the board of directors. As set forth in the Audit Committee charter, the members of the Audit Committee, all of whom are independent directors, review and approve related party transactions for which such approval is required under applicable law, including SEC and NYSE rules.

In the course of its review and approval or ratification of a disclosable related party transaction, the Audit Committee or the independent and disinterested members of the board of directors may consider:

- the nature of the related person's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;
- the importance of the transaction to the related person;
- the importance of the transaction to the Company;
- whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the Company; and
- any other matters deemed appropriate.

Related Party Transactions

Centershift, Inc.

We entered into a license agreement with Centershift, Inc. which secured for the Company a perpetual right to use a web-based tracking and yield management technology ("STORE") in all aspects of our property acquisition, development, redevelopment and operational activities. The cost of maintaining the infrastructure required to support this product remained the responsibility of Centershift. This license agreement provided for a one-time license fee and a monthly fee payable by us in exchange for which we received all product upgrades and enhancements and customary customer support services from Centershift. For the year ended December 31, 2013, we paid Centershift \$1.1 million relating to the purchase of software and license agreements. The services that the Company received from Centershift were similar in nature and price to those that were provided to other outside third parties.

On October 1, 2013, the Company bought out the remainder of its three year contract with Centershift for \$1.5 million. In addition, the Company purchased a copy of the STORE source code and some equipment from Centershift for \$2.6 million. As a result of this acquisition, the Company no longer had any contractual liability to Centershift. Centershift is owned by third-party individuals and Kenneth M. Woolley, the Company's Executive Chairman. Mr. Woolley owned approximately 64% of Centershift as of December 31, 2013.

SpenAero, L.C.

From time to time, the Company leases a private jet from SpenAero, L.C. (“SpenAero”), an affiliate of Spencer F. Kirk, the Company’s CEO. Under the terms of the lease agreement, the Company pays SpenAero for specific operating expenses and a defined hourly rate for each flight hour it uses. In the fiscal year ended December 31, 2013, the Company paid SpenAero a total of \$0.8 million. The Company is not required to lease any minimum number of hours on the aircraft. The lease rates and other charges by SpenAero to the Company in connection with the lease are similar in nature and amount to those provided to similar aircraft lessees not affiliated with the Company.

Extra Space of Pico Rivera Two, LLC

Spencer F. Kirk, the Company’s CEO, and Kenneth M. Woolley, the Company’s Executive Chairman, owned a self-storage property located in Pico Rivera, California. The Company managed the property for a fee similar to that charged to unaffiliated parties. On March 4, 2014, the Company purchased this property for \$7,000,000, an amount which the Company believes represented the fair market value of the property on that date.

MATTERS THAT MAY BE BROUGHT BEFORE THE ANNUAL MEETING

Item 1. Election of Directors

Nominees

In accordance with the provisions of our charter and bylaws, each member of the board of directors is elected at the annual meeting. Each member of the board of directors elected will serve for a term expiring at the annual meeting of stockholders in 2015, and until his or her successor has been duly elected and qualifies, or until his or her resignation or removal. Messrs. Kenneth M. Woolley, Spencer F. Kirk, Karl Haas, Joseph D. Margolis, Roger B. Porter and K. Fred Skousen and Ms. Diane Olmstead are the nominees for election to the board of directors.

Each of the nominees has consented to serve if elected. If, before the annual meeting, any of them becomes unable to serve, or chooses not to serve, the board of directors may nominate a substitute. If that happens, the persons named as proxies on the proxy card will vote for the substitute.

Biographical information about each of the nominees is found at the beginning of this proxy statement. See “Information about the Board of Directors and its Committees—Nominees for Directors.”

Recommendation of the Board of Directors

Our board of directors recommends that you vote FOR the election of Messrs. Kenneth M. Woolley, Spencer F. Kirk, Karl Haas, Joseph D. Margolis, Roger B. Porter and K. Fred Skousen and Ms. Diane Olmstead as directors for the term expiring at the 2015 annual meeting of stockholders, and until their respective successors are duly elected and qualify.

Item 2. Ratification of Appointment of Independent Registered Public Accounting Firm

Our Audit Committee has appointed the firm of Ernst & Young LLP to serve as our independent registered public accounting firm for the year ending December 31, 2014. Ernst & Young LLP has acted as the Company’s independent registered public accounting firm since April 2005, and our management considers the firm to be well qualified.

We have been advised by Ernst & Young LLP that it is a registered public accounting firm with the Public Company Accounting Oversight Board (the “PCAOB”) and complies with the auditing, quality control and independence standards and rules of the PCAOB and the SEC.

Our charter and bylaws do not require that stockholders ratify the appointment of the independent registered public accounting firm. We are submitting the appointment for ratification because the board of directors believes it is a matter of good corporate practice. If our stockholders do not ratify the appointment, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP, but may still retain the firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interest of the Company.

A representative of Ernst & Young LLP is expected to be present at the annual meeting with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

Audit Committee Pre-Approval of Services by the Independent Registered Public Accounting Firm

In accordance with its charter and applicable rules and regulations adopted by the SEC, the Company’s Audit Committee reviews and pre-approves any engagement of the independent registered public accounting firm to provide audit, review or attest services or non-audit services and the fees for any such services. The Audit Committee annually considers and, if appropriate, approves the provision of audit services by the independent registered public accounting firm. In addition, the Audit Committee periodically considers and, if appropriate, approves the provision of any additional audit and non-audit services by our independent registered public accounting firm that are neither pre-approved by the Audit Committee on an annual basis nor prohibited by applicable rules and regulations of the SEC. The Audit Committee has delegated to the chairman of the Audit Committee, Mr. Skousen, the authority to pre-approve, on a case-by-case basis, any such additional audit and

non-audit services to be performed by our independent registered public accounting firm. Mr. Skousen reports any decision to pre-approve such services to the Audit Committee at its next regular meeting. All of the fees described in the table above were pre-approved by the Audit Committee.

Recommendation of the Board of Directors

Our board of directors recommends that you vote “FOR” ratification of the Audit Committee’s selection of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2014.

Item 3. Approval of the Compensation of the Named Executive Officers

The Company requests stockholder approval, on an advisory basis, of the compensation paid to our named executive officers as disclosed pursuant to the SEC’s compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis and the accompanying compensation tables and related narrative in this proxy statement). In accordance with the results of the 2011 stockholder advisory vote regarding the frequency of the advisory vote on the Company’s executive compensation, this advisory vote will be presented on an annual basis unless otherwise disclosed.

As described in the Compensation Discussion and Analysis of this proxy statement, our executive compensation program is designed to reinforce a results-oriented culture with executive pay that reflects Company and individual performance against business objectives and high ethical standards, with an emphasis on variable performance-based compensation. Our compensation program is designed to attract, retain and motivate key executives and align their interests with that of our stockholders. As such, we believe that our executive compensation program and the corresponding executive compensation, detailed in the compensation tables and related narrative of this proxy statement, are strongly aligned with the long-term interests of our stockholders.

As an advisory vote, this proposal is not binding upon the Company. However, our CNG Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders in their vote on this proposal, and will carefully consider the outcome of the vote when making future compensation decisions for named executive officers.

The board of directors strongly endorses the Company’s executive compensation program and recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to the Company’s named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in Extra Space Storage Inc.’s Proxy Statement for the 2014 Annual Meeting of Stockholders.

Recommendation of the Board of Directors

Our board of directors recommends that you vote “FOR” the approval, on an advisory basis, of the compensation paid to our named executive officers as disclosed pursuant to the SEC’s compensation disclosure rules.

STOCKHOLDER PROPOSALS FOR 2015 ANNUAL MEETING

Under SEC rules, proposals from our eligible stockholders must be received by us no later than December 5, 2014, in order to be considered for inclusion in the proxy statement for the 2015 annual meeting of stockholders. Any such proposals, as well as any questions relating thereto, should be directed to the Corporate Secretary of the Company at the Company's principal executive offices. Proposals we receive after December 5, 2014, will not be included in the proxy statement for the 2015 annual meeting.

In addition, under our current bylaws, and as SEC rules permit, stockholders must follow certain procedures to nominate a person for election as a director at an annual or special meeting, or to introduce an item of business at an annual meeting. A stockholder must notify the Corporate Secretary of the Company in writing of the director nominee or the other business. For purposes of our 2015 annual meeting of stockholders, the notice must include the information required in our bylaws and be delivered to the Corporate Secretary at the principal executive offices of the Company not earlier than the 150th day (November 5, 2014) and not later than 5:00 p.m., Mountain Time, on the 120th day (December 5, 2014) prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting. Proposals we receive which do not comply with the procedures set forth in our bylaws will not be acted upon at the 2015 annual meeting.

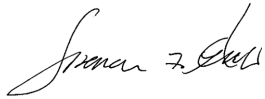

If the date of the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting, notice by the stockholder must be delivered as described above not earlier than the 150th day prior to the date of such annual meeting and not later than 5:00 p.m., Mountain Time, on the later of the 120th day prior to the date of such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made. The public announcement of a postponement or adjournment of an annual meeting does not commence a new time period for notice as described above.

OTHER MATTERS

Our board of directors and management know of no other matters or business to be presented for consideration at the annual meeting. If, however, any other matters properly come before the annual meeting or any adjournment(s) or postponement(s) thereof, it is the intention of the persons named in the enclosed proxy to vote such proxy in accordance with their discretion on any such matters. The persons named in the enclosed proxy may also, if they deem it advisable, vote such proxy to adjourn the annual meeting from time to time.

The rules promulgated by the SEC permit companies, brokers, banks or other intermediaries to deliver a single copy of an annual report, proxy statement or Notice of Internet Availability, as applicable to households at which two or more stockholders reside. This practice, known as "householding," is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources. Stockholders sharing an address who have been previously notified by their broker, bank or other intermediary and have consented to "householding" will receive only one copy of our annual report, proxy statement or Notice of Internet Availability, as applicable. If you would like to opt out of this practice for future mailings and receive a separate annual report, proxy statement or Notice of Internet Availability, as applicable for each stockholder sharing the same address, please contact your broker, bank or other intermediary. You may also obtain a separate annual report, proxy statement or Notice of Internet Availability, as applicable, without charge by sending a written request to Extra Space Storage Inc., 2795 East Cottonwood Parkway, Suite 400, Salt Lake City, UT 84121, Attention: Investor Relations, or by telephone at (801) 365-4600. We will promptly send additional copies of the annual report, proxy statement or Notice of Internet Availability, as applicable, upon receipt of such request. Stockholders sharing an address that are receiving multiple copies of the annual report, proxy statement or Notice of Internet Availability, as applicable, can request delivery of

a single copy of the annual report, proxy statement or Notice of Internet Availability, as applicable, by contacting their broker, bank or other intermediary or sending a written request to Extra Space Storage Inc. at the address above.
